设计理念
Design concept

整体椅背呈宽度舒适设计，结合腰靠设计，
云力缓解用户因久坐培训而产生的腰酸背痛的困惑感。
通特坐垫由高密度回弹海绵构，可为用户提供舒适培训更舒适的体验。

chair features a wide and comfortable backrest design
that incorporates a lumbar support feature to effectively alleviate the fatigue
and discomfort caused by long periods of sitting during training sessions.
The seat shell of the chair is constructed using an ultra-soft seat cushion
design, which provides users with a more comfortable experience
for their lower back and hips.
